

Hi, I'm **Lucky Kashyap**

Front-End Developer • CSE AIML Student • Tech Enthusiast

I build clean and responsive web interfaces using HTML, CSS, and JavaScript. Welcome to my personal portfolio website.

[Know More](#)[Contact Me](#)

Available for projects, internships, and collaborations.

About Me

I'm a passionate developer who loves transforming ideas into real, usable products through clean and thoughtful code. My primary focus is building front-end experiences that are efficient, accessible, and visually engaging.

I care about writing readable code, following best practices, and creating interfaces that feel smooth and intuitive for users.

Outside of building projects, I enjoy exploring emerging web technologies, studying algorithms, and sharpening my problem-solving abilities. I'm always curious about how things work under the hood and continuously work to improve my skills by experimenting, learning, and contributing to meaningful projects.

Skills Overview

HTML5 & Semantic Markup

CSS3 & Responsive Design

JavaScript (Basics / Intermediate)

Git & GitHub

C / C++ / Python (as applicable)

Skills & Projects

Technical Skills

Responsive Web Design

CSS Flexbox & Grid

Basic JavaScript DOM Manipulation

Version Control with Git

Problem Solving & DSA (Basics)

Tools & Technologies

VS Code

Github

Figma (Basic UI)

Chrome DevTools

Projects

Personal Portfolio Website

A fully responsive portfolio site built with HTML and CSS to showcase my skills, projects, and contact information.

HTML • CSS • Layout

Simple To-Do Web App

A basic to-do list application that allows users to add and remove tasks using JavaScript.

HTML • CSS • JavaScript

Landing Page UI

A clean landing page concept with focus on typography, spacing, and responsive design.

UI Design • Front-End

27         <div class="container">
28             <h2 class="title">About Me</h2>
29             <div class="about-grid">
30                 <div>
31                     <p>
32                         I'm a passionate developer who loves transforming ideas into real, usable products through clean
33                         and
34                         thoughtful code. My primary focus is building front-end experiences that are efficient,
35                         accessible, and
36                         visually engaging.
37                     </p>
38                     <p>
39                         I care about writing readable code, following best practices, and creating interfaces
40                         that feel smooth and intuitive for users.
41                     </p>
42                     <p>
43                         Outside of building projects, I enjoy exploring emerging web technologies, studying algorithms,
44                         and
45                         sharpening my problem-solving abilities. I'm always curious about how things work under the hood
46                         and
47                         continuously work to improve my skills by experimenting, learning, and contributing to
48                         meaningful projects.
49                     </p>
50                 </div>
